

LET'S DESIGN!

How we bring your events to life in our design studio.

YOU BRIEF US

Tell us all about your event, from the venue, to your technical requirements, the delegates, your event message, styling to the types of chairs you want to use.

Everything that you think that we will need.

TIME TO COLLABORATE

Our Project Managers will work with you and our design studio to produce the best visual representations of your event.

We will be with you every step of the way to pitch in ideas, we can even design the whole event including, styling and event message if that is what you require.

YOUR DESIGNS ARE READY

The team in the design studio will create a 3D visualisation of your event, using all of the tools provided from you, as well as the 2D CAD designs and design mockups.

CONCEPT CREATION

We will produce 2D CAD drawings and design mockups created from our collaboration session with you.

Complete with full explanations on how elements will enhance the event experience whether that be live or virtually.
